

BHARATHIDASAN GOVERNMENT COLLEGE FOR WOMEN
(An Affiliated Autonomous College under Pondicherry University)
PUDUCHERRY-605003

The marks in the qualifying examinations are indicators of the knowledge levels. The main problem faced by the students is their inability to cope with studies due to language problem.

The assessment of the learning levels of the students is done by the teachers in all the classrooms during lectures and by conducting class tests, assignments, tutorials, etc; on the basis of which slow and advanced learners are identified. Specific teaching-learning methodologies oriented to the needs of such students are then discussed and implemented. An integrated approach is followed in the classes by our faculty. Traditional teaching methods are aided by new age technological methods to make learning more engaging and relatable.

Slow Learners: Tutorials and remedial classes are organized, the purpose of which is to give special coaching in areas where they need support. Additional reading material and books in simple form is made available to increase their understanding of the subject. E-links are also suggested to the students to help them gain an in-depth knowledge of the subject. Bilingual explanations and discussions are done in the class with the aim of reaching out to the slow learners. Personal, academic and career-related counseling is given from time to time. Home assignments are given and evaluated on a regular basis. Additional tests are conducted outside the curriculum to assess the learning ability of students. Peer learning is encouraged through group discussions and presentations. This aids in building a culture of team work and helps to develop leadership as well as interpersonal skills.

Advanced Learners: During lectures, tutorials, class tests, assignments and interaction outside the class, the teachers are able to assess the caliber of the students and identify the advanced learners. Departments through a combination of academic and co-curricular activities encourage the advanced learners to optimize their potential. Such students are encouraged to participate in inter college competitions. The faculty helps the students to get relevant research projects and publish papers in the field of their choice.

The students are encouraged to pursue research in future. They are given an opportunity for micro teaching in the class as well as making individual presentations. The College library provides the Infilibnet facility and other e-resources to help the advanced learners to broaden their horizons. Their skills through add-on courses provided by the college along with special lectures organized by expert resource persons. Students are given recognition for their achievements in the college day function in terms of cash awards, medals, appreciation certificates and scholarships. They are also motivated to secure rank and distinction in the end semester examination.

Differently-abled students are helped by the co-students and staff members in their daily routine of activities. Government's reservation quota is strictly followed in admitting the differently abled students. Humanitarian treatment by all, which makes them not to feel inferior. Classrooms at ground floor are arranged for their easy accessibility.
